PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD JULY 16, 2007

This proxy statement is furnished in connection with the solicitation by the board of directors of Capital Southwest Corporation, a Texas corporation, with principal executive offices at 12900 Preston Road, Suite 700, Dallas, Texas 75230, of proxies to be voted at the annual meeting of shareholders to be held on July 16, 2007 or any adjournment thereof. The date on which this proxy statement and the enclosed form of proxy are first being sent or given to our shareholders is on or about June 1, 2007. Although the annual report is being mailed to shareholders with this proxy statement, it does not constitute part of this proxy statement.

PURPOSES OF THE MEETING

The annual meeting of shareholders is to be held for the purposes of (1) electing six persons to serve as our directors until the next annual meeting of shareholders, or until their respective successors shall be elected and qualified; (2) ratifying the appointment by our Audit Committee of Grant Thornton LLP as our independent registered public accounting firm for the fiscal year ending March 31, 2008; and (3) transacting such other business as may properly come before the meeting or any adjournment thereof.

VOTING AT THE MEETING

The record date for holders of our common stock entitled to notice of, and to vote at, the annual meeting of shareholders is the close of business on June 1, 2007, at which time we had outstanding and entitled to vote at the meeting 3,886,051 shares of common stock.

The presence, in person or by proxy, of the holders of a majority of the shares of common stock outstanding and entitled to vote at the annual meeting is necessary to constitute a quorum (1,943,026 shares). Each shareholder is entitled to one vote, in person or by proxy, for each share of common stock held in its name at the close of business on the record date. Shareholders who are present, in person or by proxy, but abstain from voting on any matter will be counted as present at the meeting for purposes of constituting a quorum, but not for purposes of determining the final vote on any matter. Similarly, nominees (such as broker-dealers) who are present, in person or by proxy, but abstain or refrain from voting on any item, will be counted as present at the meeting, but not voting on any such item.

To be elected a director, each nominee must receive the favorable vote of the holders of a majority of the shares of common stock entitled to vote and represented at the annual meeting. In order to ratify the appointment of Grant Thornton LLP as our independent registered public accounting firm for the year

ending March 31, 2008, the ratification proposal must receive the favorable vote of a majority of the shares of common stock entitled to vote and represented at the annual meeting.

Each proxy delivered to us, unless the shareholder otherwise specifies therein, will be voted FOR the election as directors of the persons nominated as directors and FOR the ratification of the appointment by the Audit Committee of our board of directors of Grant Thornton LLP as our independent registered public accounting firm. In each case where the shareholder has appropriately specified how the proxy is to be voted, it will be voted in accordance with the specification. As to any other matter or business which may be properly brought before the meeting, a vote may be cast pursuant to the accompanying proxy in accordance with the judgment of the person or persons voting the same, but neither management nor our board of directors knows of any such other matter or business.

You may vote shares held directly in your name in person at the meeting. If you want to vote shares that you hold in street name at the meeting, you must request a legal proxy from your broker, bank or other nominee that holds your shares.

You may revoke your proxy and change your vote at any time before the final vote at the meeting. You may do this by signing a new proxy card with a later date, voting on a later date by proxy, or by attending the meeting and voting in person. However, your attendance at the meeting will not automatically revoke your proxy. You must specifically revoke your proxy.

STOCK OWNERSHIP OF CERTAIN BENEFICIAL OWNERS

The following table sets forth certain information with respect to the beneficial ownership of our common stock as of May 1, 2007 by (1) each person, so far as is known to our management, who is the beneficial owner (as that term is defined in the rules and regulations of the SEC) of more than 5% of our outstanding common stock, (2) each executive officer named in the Summary Compensation Table, (3) each current director, and (4) all current directors and executive officers as a group. The number of shares beneficially owned by each entity, person, director or executive officer is determined under the rules of the SEC, and the information is not necessarily indicative of beneficial ownership for any other purpose. You may give each nominee one vote for each share you hold. The proxy holders intend to vote the shares represented by proxies to elect the six nominees to the board set forth in Proposal 1.

Board Recommendation

The board recommends that you vote "For" each of the nominees to the board set forth in this Proposal 1.

MEETINGS AND COMMITTEES OF THE BOARD OF DIRECTORS

During our fiscal year ended March 31, 2007, our board of directors held eight meetings. The board of directors has established an Audit Committee, a Compensation Committee and a Nominating Committee to assist the board in carrying out its duties. During the year, our Audit Committee held five meetings and our Compensation Committee held four meetings. Our Nominating Committee held one meeting. No director attended less than 75% of the total number of board and committee meetings on which the directors served. All directors who were serving at the time attended our 2006 annual meeting of shareholders.

Committee Member Independence

All of the members of the Audit Committee, the Compensation Committee and the Nominating Committee are "independent" as defined by the Nasdaq Stock Market Listing Standards and the Sarbanes-Oxley Act of 2002. Nominating Committee members are not "interested persons" as defined by the Investment Company Act of 1940.

Audit Committee

The Audit Committee members are Messrs. Ligon (Chairman), Henderson and Wilson. The committee assists the board in fulfilling its responsibilities for general oversight of: (1) our accounting and financial reporting processes and the integrity of our financial statements; (2) our systems of internal accounting and financial controls; (3) the independence, qualification and performance of our independent auditors; and (4) our compliance with ethics policies and legal and regulatory requirements relating to financial statements and reporting. The committee has the responsibility for selecting our independent registered public accounting firm and pre-approving audit and non-audit services. Among other things, the committee prepares a report for inclusion in the annual proxy statement; reviews the Audit Committee charter and the committee's performance; approves the scope of the annual audit; and reviews our corporate policies with respect to financial reporting and valuation of our investments. The committee also oversees investigations into complaints concerning financial matters. The committee has the authority to obtain advice

and assistance from outside legal, accounting or other advisors as the committee deems necessary to carry out its duties.

The duties and responsibilities of the Audit Committee are set forth in the Amended and Restated Audit Committee Charter, which the board of directors adopted on May 27, 2003. A copy of the Amended and Restated Audit Committee Charter is available on our website at www.capitalsouthwest.com.

Report of the Audit Committee

The Audit Committee consists of three members of the Company's board of directors. Each member is an independent director as required by Sarbanes-Oxley and Nasdaq. In addition, the board of directors has determined that Samuel B. Ligon is an Audit Committee Financial Expert as defined by SEC rules.

The committee oversees the Company's financial reporting process on behalf of the board of directors. Management has the primary responsibility for the financial statements and the reporting process, including the Company's system of internal control. In fulfilling its oversight responsibilities, the committee reviewed the audited consolidated financial statements in the Annual Report with management, including a discussion of the quality, not just the acceptability, of the accounting principles; the reasonableness of the valuation of restricted securities and other significant judgments; and the clarity of disclosures in the financial statements. The committee is not, however, professionally engaged in the practice of accounting or auditing, and does not provide any expert or other special assurance as to such financial statements concerning compliance with the laws, regulations or accounting principles generally accepted in the United States ("GAAP"). The committee relies, without independent verification, on the information provided to them and on the representations made by management and the independent registered public accounting firm.

The committee reviewed with Grant Thornton LLP, who is responsible for expressing an opinion on the conformity of those audited financial statements with GAAP, its judgment as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards. The committee discussed with Grant Thornton LLP the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, Statement on Auditing Standards No. 99, and SEC Rules discussed in Final Release Nos. 33-8183 and 33-8183a. In addition, the committee discussed with Grant Thornton LLP their independence from management and the Company, including the matters in the written disclosures and letter we received from them as required by the Independence Standards Board Standard No. 1, and considered the compatibility of non-audit services with their independence.

The committee discussed with Grant Thornton LLP the overall scope and plans for their audit and also met with Grant Thornton LLP, with and without management present, to discuss the results of their audit, their evaluation of the Company's internal controls and the overall quality of the Company's financial reporting.

The committee reviewed and discussed the audited consolidated financial statements for the fiscal year ended March 31, 2007 with management and Grant Thornton LLP and also discussed with management and Grant Thornton the process used to support certifications by our chief executive officer and chief financial officer that are required by the SEC and the Sarbanes-Oxley Act of 2002 to accompany our periodic filings with the SEC. In addition, the committee reviewed and discussed the Company's progress on complying with Section 404 of the Sarbanes-Oxley Act of 2002, including the Public Company Accounting Oversight Board's (PCAOB) Auditing Standard No. 2 regarding the audit of internal control over financial reporting.

Based on the reviews and discussions referred to above and subject to the limitations on the committee's role and responsibilities referred to above and in the Audit Committee Charter, the Audit Committee recommended to the board of directors (and the board has approved) that the audited consolidated financial statements be included in the Annual Report on Form 10-K for the fiscal year ended March 31, 2007 for filing with the SEC. The committee has selected Grant Thornton LLP as our independent registered public accounting firm for the fiscal year ending March 31, 2008, and has presented the selection to the shareholders for ratification.

Audit Committee
Samuel B. Ligon, Chairman
Graeme W. Henderson
John H. Wilson

Nominating Committee

The Nominating Committee members are Messrs. Wilson (Chairman), Burton, Henderson and Ligon. The committee has the responsibility to (1) determine and recommend to the board the slate of director nominees to be proposed to our shareholders; (2) identify and recommend to the board individuals qualified to become board members; and (3) insure that the board and its committees are appropriately constituted. The committee will consider director nominations made by shareholders, who should send nominations to our corporate secretary, Susan K. Hodgson. Shareholder nominations proposed for consideration by the committee must include the nominee's name and qualifications for board membership. See "Shareholder Proposals" on page 22.

The committee seeks to identify, and the board of directors selects, director candidates who (1) have significant experience that is relevant and beneficial to the board of directors and the Company, (2) are willing and able to make sufficient time commitments to the Company's affairs in order to perform their duties as directors, including regular attendance of board and committee meetings, (3) have a record of character and integrity, and (4) represent the interests of the Company's shareholders. The evaluation process for nominees is the same regardless of the source of the recommendation. A copy of the Nominating Committee Charter is available via the Internet at our website (www.capitalsouthwest.com).

Compensation Committee

The Compensation Committee members are Messrs. Wilson (Chairman), Burton, Henderson and Ligon. The committee (1) discharges the board's responsibilities to establish the compensation of our executives, recommending to the board any proposed changes in the basic elements of the Company's compensation programs and any proposed stock option grants; (2) makes an annual report on executive compensation for inclusion in our annual proxy statement; (3) reviews and discusses with management and recommends to the board the Company's Compensation Discussion and Analysis for inclusion in each year's proxy statement; and (4) provides oversight for our compensation structure, including our equity compensation plans and benefits programs. Other specific duties and responsibilities of the committee include reviewing and approving objectives relative to executive officers' compensation; approving and amending our incentive compensation and stock option programs (subject to shareholder approval if required); and annually evaluating the committee's performance and its charter. A copy of the Compensation Committee Charter is available via the Internet at our website (www.capitalsouthwest.com).

Annually, the committee (1) reviews the objectives and structure of the Company's plans for executive compensation, incentive compensation, equity-based compensation and its general compensation plans and employee benefit plans (including retirement plans); (2) evaluates the performance of the chief executive officer in light of the objectives of the Company's executive compensation plans, and determines his compensation level based on this evaluation; and (3) in conjunction with the Company's chief executive officer, reviews and determines the compensation of all other executive and key employees, in light of the goals and objectives of the Company's executive compensation plans. Periodically, as the committee deems necessary or desirable, and pursuant to the applicable equity-based compensation plan, the committee will recommend that the board grant stock options (usually at five year intervals) to officers or employees of the Company for such number of shares of common stock as the committee shall deem to be in the best interest of the Company.

Compensation Committee Interlocks and Insider Participation

None of our executive officers served as a member of the Compensation Committee of the board of directors or as a director of any other entity, one of whose executive officers served as a member of our Compensation Committee.

Certain Relationships and Related Party Transactions

The president is responsible for reviewing and approving all material transactions with any related party. Related parties include any of our directors or executive officers, certain of our stockholders and their immediate family members.

To identify related party transactions, each year, we submit and require our directors and officers to complete Director and Officer Questionnaires identifying any transactions with us in which the officer or director or their family members have an interest. We review related party transactions due to the potential for a conflict of interest. A conflict of interest occurs when an

individual's private interest interferes with the interests of the Company as a whole. Our Code of Business Conduct and Ethics requires all directors, officers and employees who have a conflict of interest to immediately notify the president or secretary-treasurer.

We expect our directors, officers and employees to act and make decisions that are in our best interests and encourage them to avoid situations which present a conflict between our interests and their own personal interests. Our directors, officers and employees are prohibited from taking any action that may make it difficult for them to perform their duties, responsibilities and services to the Company in an objective and fair manner. A copy of our Code of Business Conduct and Ethics is available at www.capitalsouthwest.com.

There were no related party transactions for the fiscal year ended March 31, 2007.

COMPENSATION DISCUSSION AND ANALYSIS

The objectives of our compensation programs are to attract, retain and motivate competent executive officers who have the experience and ability to contribute to the success of the Company's investment management activities. The individual judgments made by the Compensation Committee are subjective and are based largely on the recommendations of the chief executive officer and the committee's perception of each executive's contribution to both the Company's past performance and its long-term growth potential. The committee attempts to insure that the total compensation paid to each executive officer is fair, reasonable, competitive and motivational. Periodically, the committee reviews survey data on similar positions with similar companies.

This report provides information regarding the compensation programs in place for the Company's principal executive officer, principal financial officer and four other highly compensated executive officers (Named Executive Officers or "NEOs") for the year ended March 31, 2007. It includes information regarding, among other things, the objectives of the Company's compensation programs and each element of compensation that we provide. The principal elements of compensation for executive officers are base salary, discretionary bonus awards, stock options granted under the stock option plan, contributions to the Employee Stock Ownership Plan ("ESOP") and funding of a defined benefit retirement plan.

Role of Executive Officers in Compensation Decisions

The committee reviews the performance of our chief executive officer and determines the amount of his base salary and annual bonus. The committee makes all compensation decisions for our executive officers (which includes the NEOs) and approves for submission to the board recommendations regarding stock option grants for all of our officers and employees.

William R. Thomas, our chief executive officer, annually reviews the performance of all officers and key employees with the committee, together with recommendations of base salaries, bonuses and stock option grants based on these reviews. The committee then exercises its discretion in modifying any recommended salaries, bonuses or stock options.

Base Salaries

Base salaries were determined by the Compensation Committee in July 2006 for each of the executive officers on an individual basis, taking into consideration individual contributions to performance, length of tenure, compensation levels for comparable positions and internal equities among positions. Because we place more emphasis on those compensation elements which are linked to long-term results, our base salaries are generally lower than those paid by other companies of our size and type. In July 2006, the committee set the base salary of our chief executive officer, William R. Thomas, at \$250,000 per annum, a continuation of the level established in July 1993. His salary is lower than the base salaries of the chief executive officers of comparable companies, but was maintained at the \$250,000 level for the past 14 years at Mr. Thomas' request. Salaries of other NEOs are shown in the Summary Compensation Table. The base salaries of our other NEOs are appropriate in relation to the salary levels for comparable positions shown in the VCComp 2006 Compensation Survey.

Bonus Awards

In addition to base salaries, certain executive officers received bonus awards in March 2007, the amounts of which were determined by the committee on a discretionary basis. The amounts of bonuses to NEOs are influenced by a number of factors, including the extent and duration of the Company's growth, the individual's contribution to achieving that growth over both long-term and short-term time horizons and the individual's creativity and effectiveness. March 2007 year-end bonuses totaled \$98,000. In addition, a severance bonus of \$106,980 for his role in our Heelys investment was paid to Patrick F. Hamner, senior vice president, upon his resignation from the Company in May 2006. At the request of the chief executive officer, William R. Thomas, he was not awarded a year-end bonus in March 2007 or in the seven preceding years. The bonuses of our other NEOs are appropriate in relation to their performance and the data on comparable positions shown in the VCComp 2006 Compensation Survey.

Stock Options

Our Stock Option Plan enables the Company to provide the following to its executives: (1) incentive compensation commensurate with the creation of stockholder value; (2) opportunities for increased stock ownership by executives; and (3) competitive levels of total compensation over a long time horizon.

Options are granted at the Nasdaq Stock Market's closing price of the Company's stock on the date of grant and thus will have no ultimate value unless the value of the Company's stock appreciates. The Company has never granted options with an exercise price that is less than the closing price of the Company's common stock on the grant date, nor has it granted options which are priced on a date other than the grant date. The committee believes stock options provide a significant incentive for the option holders to enhance the value of the Company's common stock by continually improving the Company's performance and its investment results.

Options granted are generally exercisable on or after the first anniversary of the date of grant in five to ten annual installments and have a term of ten years. Upon termination or retirement, option holders have 30 days to exercise options to purchase vested shares except in the case of death or disability (subject to a 6-month limitation). Prior to the exercise of options, holders have no rights as stockholders with respect to the shares subject to such option, including voting rights and the right to receive dividends or dividend equivalents.

From time to time, the committee has recommended and the board of directors has granted qualified and non-qualified stock options to executive officers and investment associates. Stock option award levels vary among participants based on their positions within the Company. During the fiscal year ended March 31, 2007, options to purchase 57,500 shares were granted to five employees. On May 15, 2006, options to purchase 50,000 shares at \$93.49 per share were granted to the following NEOs: William M. Ashbaugh (15,000), Jeffrey G. Peterson (10,000), Susan K. Hodgson (5,000) and Patrick F. Hamner (20,000), which options expired upon his resignation. These options were granted in accordance with our policy of reviewing each NEOs option position at intervals of approximately five years, in amounts judged to be commensurate with his or her contribution to the Company's growth potential. On July 17, 2006, options to purchase 7,500 shares at \$98.44 per share were granted to William R. Thomas III, who joined the Company as an investment associate. To provide a sizable incentive, options on the same number of shares have been awarded to other investment associates who joined the Company in recent years.

Giving effect to the option grants described above, the options exercised during the year and the cancellation of Patrick F. Hamner's 20,000 options upon his resignation, outstanding options at March 31, 2007 totaled 52,500 shares, equivalent to a 1.3% fully-diluted equity interest.

Employee Stock Ownership Plan

We maintain an Employee Stock Ownership Plan ("ESOP") for our employees as part of the ESOP of one of our wholly-owned portfolio companies in which our NEOs participate. The Whitmore Manufacturing Company maintains an ESOP for its employees, in which Gary L. Martin, one of our directors and Whitmore's president, participates. Employees who have completed one year of credited service, as defined in the plan, are eligible to participate in the ESOP. Contributions to the ESOP are discretionary, within limits established by the Internal Revenue Code. Funds contributed to the trust established under the ESOP are applied by the trustees to the purchase, in the open market at prevailing market prices, of our common stock. A participant's interest in contributions to the ESOP fully vests after five years (three years effective April 1, 2007) of credited service, and such vested interest is distributed to a participant at retirement, death or total disability, or after a one year break in service resulting from termination of employment for any other reason. Thus, the ESOP rewards long-term employees, aligning their interests with those of the Company's long-term shareholders. See note (3) to the table under "Stock Ownership of Certain Beneficial Owners."

A significant equity incentive is provided by the ESOP, to which the Compensation Committee authorized a contribution equivalent to 10% of each participating employee's covered compensation for the fiscal year ended March

31, 2007, subject to limits imposed by the Internal Revenue Service ("IRS"). To conform to IRS limits, a maximum of 9.156% of each participating employee's covered compensation was contributed to the ESOP and 0.844% was paid in cash to each employee in lieu of an ESOP contribution. The sum of such contributions was \$84,488.

Retirement Plans

We maintain a qualified defined benefit, non-contributory retirement plan for our employees ("Participants") and employees of certain of our wholly-owned portfolio companies. Certain NEOs, including Ms. Hodgson and Messrs. Ashbaugh and Peterson now participate in this retirement plan, and our chief executive officer, William R. Thomas, is currently receiving retirement benefit payments. Mr. Martin, a director of our Company and president of The Whitmore Manufacturing Company also participates in this plan. We also maintain a Restoration Plan that provides benefits to the Participants in the qualified plan as are necessary to fulfill the intent of our retirement plan without regard to the limitations imposed by the Internal Revenue Code of 1986. The Restoration Plan is unfunded and non-qualified.

The retirement benefits payable to our NEOs depend on the Participant's years of service under our plan and their final average monthly compensation determined by averaging the five consecutive years of highest compensation prior to retirement. For pension calculation purposes, earnings include salaries and bonuses (excluding all other compensation) reported in the Summary Compensation Table. For a more detailed explanation of our pension plans, and the present value of the accumulated benefits of our named executive officers, see "Executive Compensation - Pension Benefits Table" on page 17.

We and the Compensation Committee believe that the retirement plans described above are important parts of our compensation program. These plans assist us in retaining our executive officers because their retirement benefits increase for each year of employment.

Severance Pay Agreements

Severance Pay Agreements have been established with certain executive officers of the Company (excluding Mr. Thomas, who elected not to be covered). The Agreements provide severance benefits for an officer whose employment is involuntarily terminated without cause or who resigns following a salary reduction or a significant reduction in job responsibilities subsequent to a "change in control" of the Company. A change in control is deemed to occur if (i) the Company becomes a subsidiary of another corporation or is merged or consolidated with or into another corporation, or substantially all of its assets are sold to or acquired by another person, corporation or group of associated persons acting in concert; (ii) the Company becomes a subsidiary of another corporation or is merged or consolidated with or into another corporation, or substantially all of the assets or more than 50% of the outstanding voting stock of the Company are sold to or acquired by another person, corporation or group of associated persons acting in concert; (iii) a person who has not owned 10% or more of the common stock for ten years acquires 25% or more of the outstanding common stock; or (iv) there is a change of a

majority of the directors of the Company and such new directors have not been approved by the incumbent directors.

The Severance Pay Agreements provide, subject to the limitations set forth below, that an officer would be entitled to an amount equal to the sum of his annual base salary plus, if such officer has completed more than five years of service, an additional amount equal to his monthly base salary for each year of completed service in excess of five years. Although it is not now possible to determine with certainty the amounts which the officers named in the Summary Compensation Table might receive under the Agreements, such officers (excluding Mr. Thomas) could receive a lump-sum payment in an amount not exceeding the lesser of (i) two times his annual compensation, or (ii) 24 times his monthly base salary at the date of termination. The potential cost of the benefits could discourage future attempts to acquire the Company.

Accounting for Stock-Based Compensation

Beginning on April 1, 2003, the Company began accounting for stock-based payments relating to its Stock Option Program in accordance with the requirements of FASB Statement 123(R).

| Jeffrey G. Peterson | Retirement Plan | 5.667 | 14,571 | - |

Our chief executive officer, William R. Thomas, is entitled to a substantially increased annual retirement benefit as a result of his service beyond the normal retirement age and to an additional annual retirement benefit as a result of his credited service prior to April 1972 under a retirement benefit formula of our retirement plan which was modified for credited service subsequent to April 1972. Although Mr. Thomas is a full-time employee, Section 401(a)(9) of the Internal Revenue Code required that he begin receiving monthly retirement benefit payments on April 1, 2000 because of his age and ownership of more than 5% of our common stock. Retirement benefits payable (for life only) to Mr. Thomas under the retirement plan and retirement restoration plan total \$440,342 per annum.

The Retirement Plan for Employees of Capital Southwest Corporation and Its Affiliates is a non-contributory defined benefit pension plan providing annual retirement benefits to eligible employees. It is assumed that retirement occurs at age 65 and that benefits are payable only during the employee's lifetime. The amount of the monthly retirement benefit payable beginning at age 65 is equal to (i) 1.2% of final average monthly compensation in the five successive calendar years out of the last ten completed calendar years that gives the highest average multiplied by years of credited service (not in excess of 35 years) plus (ii) 0.65% of that portion of the final average monthly compensation which exceeds social security benefits in effect on the date of retirement times credited service (not in excess of 35 years).

Benefits provided under the Retirement Plan are based on compensation up to a maximum limit under the Internal Revenue Code (which was \$220,000 in 2006). In addition, benefits provided under the Retirement Plan may not exceed a benefit limit under the Internal Revenue Code (which was \$175,000 payable as a single life annuity beginning at normal retirement age in 2006). Benefits under the Restoration Plan provide the difference when the benefit is computed without plan limitations.

The assumptions used to develop the actuarial present value of the accumulated benefit obligation to each NEO was determined in accordance with SFAS No. 158, "Employers Accounting for Defined Benefit Pension and Other Postretirement Plans," as of the pension plan measurement date utilized in our audited financial statements for the year ended March 31, 2007.

Director Compensation for the Fiscal Year Ended March 31, 2007

| Name ----- | Fees Earned or Paid in Cash ----- | Total ----- |
|---------------------|---|----------------|
| Donald W. Burton | \$27,000 | \$27,000 |
| Graeme W. Henderson | 35,000 | 35,000 |
| Samuel B. Ligon | 37,500 | 37,500 |
| John H. Wilson | 36,500 | 36,500 |

In addition to reimbursement of travel expenses for attendance at board meetings, a director who is not our employee receives an annual fee of \$32,000 for service as a director. In addition, non-employee directors receive \$1,000 for each directors' meeting attended (excluding telephone meetings), limited to

a total of \$4,000 per year, and receive no fees for attending committee meetings. We pay no fees for telephone meetings of the board or its committees. For fiscal years ending after March 31, 2007, this compensation structure places a maximum of \$36,000 on fees payable to each non-employee director.

Additional Compensation Information

The following table sets forth additional compensation information for the fiscal year ended March 31, 2007 for each of the three highest-paid executive officers whose compensation exceeded \$60,000 and for all other directors (Donald W. Burton, Graeme W. Henderson, Samuel B. Ligon and John H. Wilson), who are not our employees.

See "Employee Stock Ownership Plan" for a description of our ESOP and "Summary Compensation Table" for amounts accrued and contributed to each officer's ESOP account.

(2) Directors who are not our employees are compensated as described under "Director Compensation for the Fiscal Year Ended March 31, 2007" and are not participants in our retirement plan or ESOP.

- (3) As described in note 7 to our Consolidated Financial Statements, the Retirement Plan was overfunded and therefore generated a benefit for the year ended March 31, 2007. After deducting the expense of the unfunded Retirement Restoration Plan, our net benefit attributable to both plans was \$144,945 for the year ended March 31, 2007. Our net benefit is not allocated to individual plan participants.
- (4) Individual retirement benefits are based on formulas relating benefits to average final compensation and years of credited service. See "Pension Benefits" which includes a description of the retirement benefits.
