Our Board of Directors also has declared an increase in our supplemental dividend to \$0.06 per share for the quarter ending March 31, 2025, resulting in total dividends for the quarter of \$0.64 per share. While future dividend declarations are at the discretion of our Board of Directors, it is our intent to continue to distribute quarterly supplemental dividends for the foreseeable future. We continued to efficiently raise equity capital during the quarter, raising over \$53 million on our Equity ATM Program. In addition, during the quarter, we successfully raised \$230 million of 5.125% unsecured convertible notes due 2029, which further diversified our balance sheet liability structure. Finally, we received a 'green light' letter from the U.S. Small Business Administration to file an application to obtain a license to operate a second SBIC subsidiary. If approved, a second SBIC license will provide Capital Southwest with access to up to an additional \$175 million in cost effective debt capital."

Third Fiscal Quarter 2025 Operating Results

For the quarter ended December 31, 2024, Capital Southwest reported total investment income of \$52.0 million, compared to \$48.7 million in the prior quarter. The increase in investment income was primarily attributable to an increase in prepayment and other fees received during the quarter.

For the quarter ended December 31, 2024, total operating expenses (excluding interest expense) were \$6.6 million, compared to \$6.1 million in the prior quarter. The increase was primarily attributable to an increase in accrued bonus compensation in the current quarter and an increase in general and administrative expenses primarily due to the write off of deferred offering costs related to our previous shelf registration statement during the current quarter.

For the quarter ended December 31, 2024, interest expense was \$14.7 million, compared to \$12.6 million in the prior quarter. The increase was primarily attributable to an increase in average debt outstanding.

For the quarter ended December 31, 2024, total pre-tax net investment income was \$30.7 million, compared to \$30.0 million in the prior quarter.

For the quarter ended December 31, 2024, there was a tax provision of \$0.4 million, compared to a tax benefit of \$1.2 million in the prior quarter. The benefit in the prior quarter included a \$1.5 million deferred tax benefit, which is primarily attributable to an increase in the tax basis of investments held by our wholly owned subsidiary, Capital Southwest Equity Investments, Inc., due to pass-through income, resulting in a decrease in tax appreciation.

During the quarter ended December 31, 2024, Capital Southwest recorded total net realized and unrealized losses on investments of \$13.7 million, compared to \$8.5 million of total net realized and unrealized losses in the prior quarter. For the quarter ended December 31, 2024, the total net realized and unrealized losses on investments reflected net realized and unrealized gains on equity investments of \$12.3 million and net realized and unrealized losses on debt investments of \$26.0 million. The net increase in net assets resulting from operations was \$16.3 million for the quarter, compared to \$22.7 million in the prior quarter.

The Company's NAV at both December 31, 2024 and September 30, 2024 was \$16.59 per share. Increases in NAV per share are attributable to the issuance of common stock at a premium to NAV per share through the Equity ATM Program (as described below), offset by net realized and unrealized losses on investments.

Liquidity and Capital Resources

At December 31, 2024, Capital Southwest had approximately \$36.0 million in unrestricted cash and money market balances and \$376.2 million of unused capacity under the Corporate Credit Facility (as defined below) and the SPV Credit Facility (as defined below). The regulatory debt to equity ratio at the end of the quarter was 0.90 to 1.

As of December 31, 2024, Capital Southwest had the following borrowings outstanding:

- \$190.0 million of total debt outstanding on the Corporate Credit Facility
- \$118.0 million of total debt outstanding on the SPV Credit Facility
- \$148.7 million, net of unamortized debt issuance costs, of the 3.375% Notes due October 2026
- \$70.1 million, net of unamortized debt issuance costs, of the 7.75% Notes due August 2028
- \$222.7 million, net of amortized debt issuance costs, of the 5.125% convertible notes due November 2029
- \$170.7 million, net of unamortized debt issuance costs, of SBA Debentures (as defined below)

In August 2016, CSWC entered into a senior secured credit facility (the "Corporate Credit Facility") to provide additional liquidity to support its investment and operational activities. Borrowings under the Corporate Credit Facility accrue interest on a per annum basis at a rate equal to the applicable SOFR rate plus 2.15%. On August 2, 2023, CSWC entered into the Third Amended and Restated Senior Secured Revolving Credit Agreement (the "Credit Agreement") that (1) increased commitments under the Corporate Credit Facility from \$400 million to \$435 million; (2) added an uncommitted accordion feature that could increase the maximum commitments up to \$750 million; (3) extended the end of the Corporate Credit Facility's revolving period from August 9, 2025 to August 2, 2027 and extended the final maturity from August 9, 2026 to August 2, 2028; and (4) amended several financial covenants. On December 7, 2023, the Company entered into an Incremental Commitment and Assumption Agreement that increased the total commitments under the accordion feature of the Credit Agreement by \$25 million, which increased total commitments from \$435 million to \$460 million. The \$25 million increase was provided by one new lender, bringing the total bank syndicate to ten participants. On September 12, 2024, the Company entered into an Incremental Commitment and Assumption Agreement that increased the total commitments under the accordion feature of the Credit Agreement by \$25 million, which increased total commitments from \$460 million to \$485 million. The \$25 million increase was provided by one new lender, bringing the total bank syndicate to 11 participants.

Capital Southwest SPV LLC ("SPV") is a wholly owned special purpose vehicle that was formed to hold investments for the SPV Credit Facility (as defined below) to support our investment and operating activities. On March 20, 2024, SPV entered into a special purpose vehicle financing credit

facility (the "SPV Credit Facility"). The SPV Credit Facility included an initial commitment of \$150 million. Pursuant to the terms of the loan agreement, on June 20, 2024, total commitments automatically increased from \$150 million to \$200 million. The SPV Credit Facility also includes an accordion feature that allows increases up to \$400 million of total commitments from new and existing lenders on the same terms and conditions as the existing commitments. Borrowings under the SPV Credit Facility bear interest at three-month Term SOFR plus 2.50% per annum during the revolving period ending on March 20, 2027 and three-month Term SOFR plus an applicable margin of 2.85% thereafter. SPV (i) paid unused commitment fees of 0.10% through April 20, 2024 and (ii) pays unused commitment fees of 0.35% thereafter, on the unused lender commitments under the SPV Credit Facility, in addition to other customary fees. Under the SPV Credit Facility, SPV also pays a utilization fee based on the amount of borrowings utilized. The SPV Credit Facility matures on March 20, 2029.

On November 4, 2024, the Company issued \$230.0 million in aggregate principal amount of 5.125% convertible notes due 2029 (the "2029 Convertible Notes"), including the underwriters' full exercise of their option to purchase an additional \$30.0 million in aggregate principal amount to cover over-allotments. The 2029 Convertible Notes bear interest at a rate of 5.125% per year, payable quarterly on February 15, May 15, August 15 and November 15 of each year, beginning on February 15, 2025. The 2029 Convertible Notes will mature on November 15, 2029, unless earlier converted, redeemed or repurchased. The conversion rate was initially 40.0000 shares of common stock per \$1,000 principal amount of 2029 Convertible Notes (equivalent to an initial conversion price of \$25.00 per share of common stock), subject to adjustment in some events.

On December 9, 2024, the Company redeemed \$140.0 million in aggregate principal amount of the issued and outstanding 4.50% notes due 2026 (the "January 2026 Notes") in full. The January 2026 Notes were redeemed at 100% of their principal amount, plus the accrued and unpaid interest thereon, through, but excluding the redemption date. Accordingly, the Company recognized a realized loss on extinguishment of debt, equal to the write-off of the related unamortized debt issuance costs, of \$0.4 million during the quarter ended December 31, 2024. There was no "make-whole" premium required to be paid in connection with the redemption.

The Company has an "at-the-market" offering (the "Equity ATM Program"), pursuant to which the Company may offer and sell, from time to time through sales agents, shares of its common stock. On May 21, 2024, the Company increased the maximum amount of shares of its common stock to be sold through the Equity ATM Program from \$650 million to \$1 billion. During the quarter ended December 31, 2024, the Company sold 2,364,147 shares of its common stock under the Equity ATM Program at a weighted-average price of \$22.68 per share, raising \$53.6 million of gross proceeds. Net proceeds were \$52.9 million after commissions to the sales agents on shares sold. As of December 31, 2024, the Company has \$358.6 million available under the Equity ATM Program.

On April 20, 2021, our wholly owned subsidiary, Capital Southwest SBIC I, LP ("SBIC I"), received a license from the Small Business Administration (the "SBA") to operate as a Small Business Investment Company ("SBIC") under Section 301(c) of the Small Business Investment Act of 1958, as amended. The SBIC license allows SBIC I to obtain leverage by issuing SBA-guaranteed debentures ("SBA Debentures"), subject to the issuance of a leverage commitment by the SBA. SBA debentures are loans issued to an SBIC that have interest payable semi-annually and a ten-year maturity. The interest rate is fixed shortly after issuance at a market-driven spread over U.S. Treasury Notes with ten-year maturities. As of December 31, 2024, SBIC I had a total leverage commitment from the SBA in the amount of \$175.0 million, all of which was drawn.

Share Repurchase Program

On July 28, 2021, the Company's board of directors (the "Board") approved a share repurchase program authorizing the Company to repurchase up to \$20 million of its outstanding shares of common stock in the open market at certain thresholds below its NAV per share, in accordance with guidelines specified in Rules 10b5-1(c)(1)(i)(B) and 10b-18 under the Securities Exchange Act of 1934, as amended. On August 31, 2021, the Company entered into a share repurchase agreement, which became effective immediately, and the Company will cease purchasing its common stock under the share repurchase program upon the earlier of, among other things: (1) the date on which the aggregate purchase price for all shares equals \$20 million including, without limitation, all applicable fees, costs and expenses; or (2) upon written notice by the Company to the broker that the share repurchase agreement is terminated. During the quarter ended December 31, 2024, the Company did not repurchase any shares of the Company's common stock under the share repurchase program.
